

## Herbal Deodorant Cream

With calendula and camomile  
Aluminium and alcohol free

Provides gentle, reliable protection against unpleasant body odour. Contains herbal extracts of calendula, camomile, yarrow and horsetail to care for and soothe the skin, as well as deodorizing substances which sustainably inhibit odour-forming skin bacteria. By going without aluminium compounds, the natural perspiration is not suppressed, but rather only the formation of odours. Shea butter and allantoin support the mild, skin-nurturing effect.

**Application:** After washing, rub one fingertip full of deodorant cream under each armpit. Can also be used on the feet.

**Ingredients:** Aqua, Propylene Glycol, Cetearyl Alcohol, Butyrospermum Parkii Butter, Pentaerythrityl Distearate, Glyceryl Stearate Citrate, Sucrose Stearate, Propanediol, Potato Starch Modified, Zinc PCA, Sodium Cetearyl Sulfate, Equisetum Arvense Extract, Calendula Officinalis Flower Extract, Chamomilla Recutita Flower Extract, Achillea Millefolium Flower/Leaf/Stem Extract, Allantoin, Rhamnose, Xanthan Gum, Citric Acid, Glucose, Farnesol, Phenoxyethanol, Benzoic Acid, Dehydroacetic Acid, Glucuronic Acid, Parfum.
