

Eskimo Frankincense Body Lotion

A beneficial, pleasantly soothing body lotion for dry, flaky or red skin with the highest demands on care. Lots of sufferers view frankincense oil (olibanum oil) and frankincense extract (Boswellia-serrata extract) as a “secret tip” for neurodermatitis (atopic eczema) and psoriasis (flaky skin). Urea, vitamin E and panthenol provide moisture, help exfoliate and soothe irritated skin. Gently soothes the skin and keeps it supple. Free from added colours and preservatives.

Ingredients: Aqua, Urea, Pentylene Glycol, Tocopheryl Acetate, Glycerin, Panthenol, Propylene Glycol, Chondrus Crispus (Carrageenan), Boswellia Serrata Gum Extract, Boswellia Carterii Gum Oil (Limonene, Linalool – from natural, essential oil), Glycine Soja Oil, Glucose, Xanthan Gum.

Made in Germany

Contents 250 ml
