

No More Bad Mornings Hand Cream Lemon

For supple, silky-soft hands

Happiness is in your hands, because our pleasantly light hand cream revives tired hands. The wonderfully invigorating fragrance comes from naturally pure lemon and lime oils and is a treat for your senses. A premium care complex with collagen, jojoba, olive and carrot oil provides dry hands with moisture over a long period of time. For a silky-soft feel and fresh appearance. Hands are good, everything's good. For more lemony moments to combat bad mornings, we recommend the shower gel and body milk from this series.
