

## Marigold Liquid Soap

Skin-friendly and anti-inflammatory

The medical properties of the marigold flower have been known since ancient times. Centuries of experience confirm the beneficial and nurturing effect of external application, whereby the focus is placed in particular on the anti-inflammatory properties.

Do not use if you are allergic to composite plants.

Sophisticated, skin-friendly cleaning product with a good washing power for daily full-body care. Reduces the risk of inflammation and drying out of the skin. Use as a soap substitute, for showering and bathing.
