

Hair Tip Fluid

A light, non-greasy care fluid
for dry, damaged hair and hair tips

Our hair is subjected to numerous stressful influences every day. In particular the hair tips react sensitively: they quickly break off, become brittle and tend to split. Sanct Bernhard Hair Tip Fluid offers reliable assistance. It protects the hair against damaging environmental influences, repairs and seals the hair tips and stops them splitting. The light, non-greasy care formula with argan oil, sunflower oil, almond oil and vitamin E is immediately adsorbed, making dry, damaged hair smooth again and giving it a natural silky shine. A pleasantly fresh fragrance makes application a daily pleasure.

Application: Distribute the required amount into dry hair and hair tips with your fingertips, and gently massage in. Do not rinse! Apply regularly.
