

Aloe Vera Face Exfoliation Cream

Cleans your skin pore-deep from dirt, make-up remains and surplus sebum. The gentle face exfoliation removes dead flaky skin by plant-based exfoliation particles of apricot kernels and the diatom alga, massages your skin and stimulates the metabolism. Your skin gets refreshed and clean and your complexion appears soft and matt. The contained aloe-vera juice (70%) together with urea provides a good moisture supply and care for your skin.

Application: 1-2 times a week after cleansing rub in a circular motion on dry or moist skin and rinse off with water.
