

Good night! Roll-on

Soothing and relaxing roll-on with natural essential lavender oil. The pleasant scent of lavender relieves tension and calms the nerves. Ideal for relaxation in the evening, before going to sleep as well as when things get hectic and stressful in everyday life or at work. Simply roll over forehead and temples and the inside of the arms using the practical roller stick, and breathe in the scent.

Ingredients:

Alcohol denat., Lavandula Angustifolia Oil (Linalool, Geraniol, Limonene, Citronellol, Coumarin, Citral – from natural essential oils), Aqua.

Because essential oils and perfumed oils increase the sensitivity of the skin to light, do not visit a solarium or sit in direct sunlight after application!
