

Beta-glucan Capsules

Nutritional supplement

Useful information:

Beta-glucans are glucose molecule compounds which occur in the natural world, amongst other things in the cell walls of fungi, yeasts and grain varieties such as oats and barley. As we know today, beta-glucans develop numerous effects within the human organism which have a positive effect on our health. It has been confirmed by independent researchers from the European Food Safety Authority (EFSA) that beta-glucans contribute towards the retention of a normal cholesterol level in the blood. The prerequisite for this is that those affected take 3 g beta-glucans from oats per day. This is guaranteed through a daily dose of 9 beta-glucan capsules.

Ingredients: Beta-glucan made from oats (67 %), Gelatine, bulking agent Microcrystalline Cellulose, separating agent Magnesium Stearate.

	per capsule	per daily dose (= 9 capsules)	per 100 g capsules
Beta-glucan made from oats	350 mg	3150 mg	67 g

Nutrient Reference Value for daily consumption according to Regulation (EU) No. 1169/2011 not available.

Recommended dose: Swallow 3 x 3 capsules per day with sufficient liquid.

Keep dry and out of direct sunlight. Store below 25°C. Nutritional supplements should not be used as a replacement for a balanced, varied diet, and do not replace a healthy lifestyle. Keep out of reach of young children. Do not exceed the recommended daily dose.

Made in Germany

Contents 180 capsules = 91 g

Art. No. 1741
