

## Ginkgo Lime Scented Body Lotion

Let yourself be inspired by this light, summer-fresh body lotion! The tart, spicy aroma of fresh ginkgo combined with the fresh Mediterranean fragrance of lime, revives your senses and body. Best natural skin care oils such as almond oil, wheat germ oil and jojoba oil spoil your skin and make it wonderfully soft and supple. An intensive moisturizing formula with urea and panthenol strengthens the natural hydro-lipid content of the skin and protects it from drying out - leaves a fresh, velvety skin feeling.
