

Omega-3-Algae Oil Capsules Vegan

Food supplement containing premium, biologically active omega-3 fatty acids

Useful information:

We need omega-3 fatty acids for a variety of vital processes in our body. In particular, the essential DHA (docosahexaenoic acid) contributes to the healthy functioning of many organs, for example our heart and brain. The prerequisite is a daily intake of at least 250 mg, which is often a challenge for vegetarians and vegans in particular, as it is mainly sea fish that are considered a rich source. Our vegan omega-3 algae oil capsules address this shortfall, because they contain 650 mg of vegetable omega-3 oil from the microalgae *Schizochytrium* sp. in a vegan soft capsule shell.

Ingredients:

Oil from the Microalgae *Schizochytrium* sp. (73%), Modified Maize Starch, Glycerol (humectant), Carrageenan (thickening agent), MCT oil (medium-chain triglycerides), Sunflower Lecithin (Emulsifier), antioxidant extracts containing strong Tocopherols of natural origin, Rosemary Extract.

	per capsule (=Daily dose)
Algae oil	650 mg
of which Omega-3 fatty acids	255 mg
of which	
DHA (docosahexaenoic acid)	250 mg

Nutrient Reference Value for daily consumption according to Regulation (EU) No. 1169/2011 not available.

Recommended use: Swallow 1 whole capsule daily prior to meal times with sufficient fluid.

Keep dry and out of direct sunlight. Store below 25°C. Nutritional supplements should not be used as a replacement for a balanced, varied diet, and do not replace a healthy lifestyle. Keep out of reach of young children. Do not exceed the recommended daily dose.

Made in Germany

Contents 60 capsules = 53 g
