

Calcium + D3 Direct Powder

Food supplement containing calcium, vitamin D3, K2 and sweeteners

- Only 1x daily
- Can be taken without fluid
- A pleasant, fruity flavour

Good to know: An expedient combination to support healthy bones. Calcium keeps our skeleton stable and firm. The significance of the vitamins D3 and K2 is that they facilitate the body's absorption of calcium through our organism. In addition, vitamin D3 exercises a multitude of important functions, amongst others for the retention of healthy bones, muscles and teeth.

Calcium + D3 Direct Powder can be taken without liquid and dissolves directly in the mouth. A pleasant, fruity flavour. Practical, fast and simple, meaning that it is also ideal when travelling.

Ingredients: Calcium Carbonate, sweetener Sorbitol, bulking agent Cornstarch, Sodium Hydrogen Carbonate; Vitamin C, acidifier Citric Acid, flavouring, bulking agent Maltodextrin, Vitamin K2 (Menaquinone-7, MK-7), vitamin D3, separating agent silicon dioxide.

	per sachet (= daily dose)	% of NRV recommended daily dose*	per 100 g
Calcium	600 mg	75	23 g
Vitamin C	80 mg	100	3 g
Vitamin D3	15 µg (600 I.U.)	300	0.6 mg
Vitamin K2	75 µg	100	3 mg

*NRV = Nutrient Reference Value for daily consumption according to Regulation (EU) No. 1169/2011

Recommended intake: Pour the contents of one sachet directly onto your tongue 1 x daily. The powder dissolves within seconds and can be swallowed without liquid.

Can have a laxative effect when used excessively!

Keep dry and below 25°C.

Nutritional supplements should not be used as a replacement for a balanced, varied diet, and do not replace a healthy lifestyle. Keep out of reach of young children. Do not exceed the recommended daily dose.
