

Moor Cream

Used for an intensive massage which will ease tension, back pain, joint pain and rheumatic complaints. The included peat extract with arnica and rosemary oil is attributed to a calming, relaxing, anti-inflammatory effect. Ginger extracts promote blood circulation, stimulate the heat receptors in the skin and give a wonderful soothing sensation of warmth. Jojoba oil and shea butter moisturizes and soothes stressed, irritated skin, leaving it soft and supple.

Note: Do not use this product if you are allergic to the Asteraceae (daisy) family.
