

## Herbadent Toothpaste

with selected herbal extracts  
+ essential oils

Herbal toothpaste for healthy teeth and gums and long-lasting fresh breath. The unique, mildly disinfectant active ingredient combination with selected herbal extracts, essential oils, menthol, the dental care substance Xylitol and fluoride provides fresh breath, strengthens the gums, protects against tooth decay and parodontitis and promotes a healthy oral flora. Enjoy an extra fresh feeling in the mouth that continues long after cleaning your teeth.

Suitable for adults and children from 6 years of age.

Contains sodium monofluorophosphate (1450 ppm) to prevent tooth decay.
