

Eskimo Frankincense Cream

A beneficial, pleasantly soothing cream for dry, flaky or red skin with the highest demands on care. Lots of sufferers view frankincense oil (olibanum oil) and frankincense extract (Boswellia-serrata extract) as a “secret tip” for neurodermatitis (atopic eczema) and psoriasis (flaky skin). Urea, vitamin E and panthenol provide moisture, help exfoliate and soothe irritated skin. Gently soothes the skin and keeps it supple. Free of added colours and preservatives.

Ingredients: Aqua, Cetearyl Alcohol, Urea, Pentylene Glycol, Tocopheryl Acetate, Panthenol, Propylene Glycol, Glycerin, Stearic Acid, Palmitic Acid, Boswellia Serrata Gum Extract, Sodium Cetearyl Sulfate, Glycine Soja Oil, Boswellia Carterii Gum Oil (Limonene, Linalool – from natural, essential oil).

Contents 100 ml
