

Swiss Stone Pine Massage Fluid

The tried and tested household remedy with genuine Swiss stone pine oil, pine needle oil and menthol. Refreshing and revitalising after sports and physical exertion. The essential oil of the alpine Swiss stone pine, also known as arolla pine, smells wonderfully spicy. When gently massaged in, Swiss stone pine massage fluid stimulates the blood circulation in the skin, which has a beneficial effect on strained, tense muscles and joints, for example in the neck, shoulders, arms, legs, back, etc. In addition, panthenol cares for, protects and soothes the irritated skin and supports regeneration.

Ingredients: Alcohol denat., Aqua, Panthenol, Propylene Glycol, Pinus Cembra Leaf/Twig Oil, Menthol, Abies Sibirica Oil, Rosmarinus Officinalis Leaf Oil (Limonene, Linaool and Eugenol – from natural essential oils).

Application: Apply to the skin as required and rub or massage in gently. For external use only. Avoid contact with eyes and mucous membranes as well as with open wounds. Store tightly closed. Keep out of reach of children. Flammable.
