

Herbadent Mouthwash

with select herbal extracts
and essential oils

Herbadent mouthwash is the ideal completion to the daily teeth-brushing - fast, convenient and powerful. Herbadent also acts where the toothbrush cannot reach and therefore easily bacteria and bad odours can set. The unique, mild antiseptic combination of active substances with selected herbal extracts, essential oils, and 0.05% fluoride gives a fresh breath, prevents gum inflammation, protects against tooth decay and promotes a healthy oral flora. Ready for use, without alcohol.

Usage: 2 times daily after the teethbrushing. Shake briefly before using.
Rinse the mouth for about 30 seconds with 5 ml of undiluted mouthwash, spit it out, do not rinse with water afterwards.
For children from 6–12 years old 1 application per day is enough.

Suitable for adults and children from 6 years.
Contains 0.05 % fluoride.
