

tierlieb Salmon Oil for dogs and horses

Feed

Useful information: Salmon oil is a precious product of nature. It contains the important omega-3 unsaturated fatty acids EPA (eicosapentaenoic acid) and DHA (docosahexaenoic acid), which are rarely found in vegetable oils. In dogs and horses, EPA and DHA support normal coat, skin metabolism and healthy development as well as the general physical condition. The valuable tierlieb Salmon Oil is obtained from Atlantic salmon (*Salmo salar*), which is kept and bred in its natural marine environment. For dogs and horses of all ages, tierlieb Salmon Oil is a valuable and energy-rich supplement to the daily diet. The natural vitamin E it contains can prevent a deficiency and thus helps to protect the cells from oxygen radicals.

- Natural and rich
- Rich in omega-3 fatty acids

Feed recommendation: Add the required quantity to the daily feed:

Small dogs: 1 teaspoon (2.5 ml)

Medium-sized dogs: 2 teaspoons (5 ml)

Large dogs: 3-4 teaspoons (10 ml)

Lactating bitches receive 2-3 times the amount.

Horses: 1-4 tablespoons depending on weight

Oils can have a laxative effect when used excessively.

Analytical contents: crude fat 99.5 %, crude fibre 0 %.

Metabolisable energy: 35.5 MJ/kg (924 kcal/100 ml).

Nutrient	Average content per kg*
Omega-3 fatty acids total	160 g
EPA (eicosapentaenoic acid)	26 g
DHA (docosahexaenoic acid)	32 g
α-linolenic acid	72 g
Vitamin E	1.4 g

*Natural products are subject to natural variations.

Keep cool, dry and out of direct sunlight.
