

Organic Haskap Berry Juice

100% fruit content

Unsweetened fresh juice from controlled organic cultivation

Useful information:

Originally from Siberia, the haskap berry (*Lonicera caerulea*) is also known as mayberry, blue honeysuckle or honeyberry. The dark blue to red juice extracted from it tastes intensely fruity but with bitter acidity. All the unadulterated valuable ingredients of the haskap berry are contained in it. Our haskap berry vital juice from controlled organic cultivation can be enjoyed pure as direct juice or diluted as a fruit spritzer, but also in yoghurt or added to muesli and desserts.

No added sugar or preservatives.
