

## Organic White Tea Pai Mu Tan

A Chinese tea delicacy from controlled organic cultivation. Only the first, tender leaf buds and the youngest leaves from the tea plant, which appear silvery-white in colour due to the fine hairs covering them, are used for this tea. A deliciously light, mild, flowery quality.

**Ingredients:** 100 % White Tea Pai Mu Tan from controlled organic cultivation.

### Preparation:

Pour water heated to approximately 70°C onto 12 g of tea leaves and leave to infuse for 2 minutes. The leaves can be reused for infusion several times in succession.

Each infusion will have a different degree of taste.
