

## Mountain Pine Massage Fluid

The tried and tested household remedy containing real mountain pine oil, mint oil and menthol. Refreshing and revitalising after sports and physical exertion. When gently massaged in, mountain pine massage fluid stimulates the blood circulation in the skin and provides a pleasant relaxing sensation which alleviates overstressed, tense, tired muscles and joints, for example the arms, legs, knees, back etc. In addition, panthenol cares for, protects and soothes the irritated skin and supports regeneration.

**Ingredients:** Ingredients: Alcohol denat., Aqua, Panthenol, Propylene Glycol, Pinus Mugo Leaf Oil, Menthol, Mentha Arvensis Herb Oil (Limonene, Citral – from the natural essential oils).

**Application:** If required, apply to the skin and rub or massage in gently.

For external use only. Avoid contact with eyes and mucous membranes as well as with open wounds. Store tightly closed. Keep out of reach of children. Flammable.
