

Beauty Drink with Collagen and Hyaluronic Acid

Nutritional supplement with collagen peptides, hyaluronic acid, vitamins, zinc and copper.

Useful information:

Who doesn't want to look young, fresh and beautiful? Because the skin, hair and nails mainly regenerate from within, we require various nutrients in order to retain our beauty. Our bodies aren't always able to provide these in sufficient quantities. Increased requirements may also be generated by environmental influences such as sun, smog and stress.

The Beauty Drink by Sanct Bernhard feeds the smallest components in our body, the cells, are fed with precisely those nutrients required for optimum function.

- **Collagen peptides** (VERISOL®)
- **Hyaluronic acid** is a natural element of the skin and connective tissue.
- **Vitamin C** contributes towards the production of collagen, and therefore towards the normal, healthy function of bones, cartilage, skin and teeth.
- **Copper** contributes towards the retention of normal connective tissue and energy metabolism as well as towards the healthy pigmentation of skin and hair
- **Zinc** contributes towards the retention of normal nails.
- **Biotin** is an important beauty substance for the retention of strong, normal hair and a radiant and healthy skin.
- **Vitamin E, zinc and copper** play a role in protecting the cells against free radicals, also known as oxidative stress.

A pleasant, fruity and tart taste.

Ingredients: Water, juice concentrate made from Aronia, Strawberry, Blackcurrants, Blackberries and Elderberries; Collagen Peptides (11.6 %), Agave Nectar, Hyaluronic Acid (0.5 %), Vitamin C, Potassium Sorbate (preservative), Zinc Gluconate, Vitamin E-Acetate, Copper Gluconate, Beta Carotene, Maltodextrin (bulking agent), Biotin.
