

Bath Oil Wild Rose

Rich bath care

Contains natural wild rose oil, macadamia nut oil, St. John's wort oil, hempseed oil, lecithin oil and multivitamin oil. The fine kernel oil out of the *Rosa canina* is rich in polyunsaturated fatty acids, which are very well absorbed by the skin and which cares it. The highly moisturising, pleasantly fragrant care bath is especially suited for dry, chapped and sensitive skin. The bath oil provides a protective layer around the skin. After the bath, the skin should be dabbed only a bit. It feels like if you have put lotion on. Bath Oil Wild Rose leaves the skin silky and smooth.

Directions: To a full bath, add 20-30 ml (2-3 tablespoons). Avoid getting into eyes.

Ingredients: Glycine Soja Oil, PPG-5-Laureth-5, Caprylic/Capric Triglyceride, Rosa Canina Seed Oil, Macadamia Integriifolia/Tetrapylla Seed Oil, Polysorbate 20, Lecithin, Parfum (Limonene, Citronellol, Geraniol, Linalool – from natural essential oils), Hypericum Perforatum Flower Extract, Olea Europaea Fruit Oil, Tocopherol, Daucus Carota Sativa Root Extract, Beta-Carotene, Retinyl Palmitate, Glyceryl Linoleate, PEG-40 Hydrogenated Castor Oil, Glyceryl Linolenate, Propylene Glycol, Helianthus Annuus Seed Oil, Aqua.
