

## Almond Oil

Natural body oil

Almond oil from sweet almond kernels (*Prunus dulcis*) is a skin care classic. It is valued because of its high level of monounsaturated fatty acids and its extraordinarily skin-friendly, lipid replenishing, soothing properties. Almond oil is very mild and makes your skin feel nice and soft. The clear, almost odourless oil is particularly low in acidity. It is, for example, perfect for the care of older, more sensitive skin, delicate baby and children's skin or the care of the belly's skin for pregnant women. Fragrance-free.

**Ingredients:** Prunus Amygdalus Dulcis Oil.

**Contents 100 ml**

Art. No. 653
