

Vitality Mask

with milk proteins

For the regeneration and care of stressed skin

The Sanct Bernhard Vitality mask with milk proteins and probiotic bifido cultures regenerates and nurtures stressed skin. Stress and harmful environmental influences stress our skin and make it look sallow and jaded. With this regenerating vitality mask, such visual symptoms are visibly reduced. A special repair complex from milk proteins and a probiotic bifido cultures gives the skin an elastic, vibrant appearance.

Application: after cleansing the skin, apply evenly to the face (or décolleté). Avoid contact with eyes, mouth or nose. Let it take effect for 10 - 15 minutes and then wash down with warm water. Use several times a week if necessary.
