

## Hallux Balm

Nourishing balm for bunions

Many people, often women over 50, suffer from the big toe (bunion, hallux) being bent towards the middle of the foot, which can cause pain and impair walking. Special shoes, insoles or splints are often recommended as therapy measures. Hallux Balm can be used as a special care balm to accompany the therapy. The ingredients contained, including calendula, arnica and almond oil, horse chestnut and witch hazel extract, shea butter, panthenol and menthol, cool and refresh the stressed bunion, moisturise and leave the skin soft and supple.

**Ingredients:** Aqua, Glycerin, Glycine Soja Oil, Cetearyl Alcohol, Pentylene Glycol, Tocopheryl Acetate, Panthenol, Propylene Glycol, Butyrospermum Parkii Butter, Prunus Amygdalus Dulcis Oil, Squalane, Olus Oil, Stearic Acid, Palmitic Acid, Menthol, Hamamelis Virginiana Leaf Extract, Calendula Officinalis Flower Extract, Aesculus Hippocastanum Seed Extract, Arnica Montana Flower Extract, Sodium Cetearyl Sulfate, Farnesol, Tocopherol, Allantoin.
