

Anti-Wrinkle Cream Common Beech

A pleasant, light cream with a wealth of valuable ingredients. Improves the complexion of mature and dry skin.

A highly active anti-wrinkle *Fagus Sylvatica* (beech bud) extract is proven to reduce fine lines and wrinkles, stimulates cellular metabolism and smoothes the texture of the skin. Hyaluronic acid helps to maintain the skin's moisture level. Hyaluronic acid supports the development of moisture deposits in the skin. Almond oil, macadamia nut oil and shea butter complete the care effect perfectly. The skin looks noticeably smoother, firmer and wrinkles appear reduced.

Ingredients: Aqua, Prunus Amygdalus Dulcis Oil, Glycerin, Macadamia Integrifolia/Tetraphylla Seed Oil, Squalane, Pentylene Glycol, Glyceryl Stearate Citrate, Sucrose Stearate, Cetearyl Alcohol, Fagus Sylvatica Bud Extract, Butyrospermum Parkii Butter, Dipalmitoyl Hydroxyproline, Hibiscus Abelmoschus Seed Extract, Biosaccharide Gum-4, Sodium Hyaluronate, Potato Starch Modified, Lecithin, Tocopherol, Xanthan Gum, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Ascorbyl Palmitate, Sodium Hydroxide, Butylene Glycol, Benzyl Alcohol, Phenoxyethanol, Benzoic Acid, Helianthus Annuus Seed Oil, Parfum (Limonene, Linalool, Geraniol, Benzyl Benzoate – from natural essential oils).
