

## Jojoba Sun Protection Milk

LSF 10

Protection against UVA and UVB rays

Valuable moisture and care

With jojoba oil and vitamin E

With natural jojoba oil, vitamin E and natural moisturising components.

Makes the skin soft and supple, intensifies your tan and at the same time protects against damaging UV radiation, soothes sunburn, supplies the skin with moisture, supports the regeneration of sun-damaged skin and prevents the formation of sun-related wrinkles. Apply Jojoba sun-protection milk 30 minutes prior to sunbathing. In order to retain the protective effect, re-apply regularly.

**Application:** apply generously before sunbathing. Applying small amounts reduces the protection level. Avoid the strong midday sun. Repeat application regularly to maintain sun protection, especially after swimming. Protect babies and toddlers against direct sunlight and use protective clothing as well as sun cream with a high protection factor (SPF higher than 25). Even sun creams with high sun protection factors do not offer full protection against UV rays, therefore do not remain in the sun for too long.

Avoid contact with the eyes and textiles - permanent stains are possible.

**Ingredients:** Aqua, Simmondsia Chinensis Seed Oil, Dicaprylyl Carbonate, Propylene Glycol, Caprylic/Capric Triglyceride, Ethylhexyl Methoxycinnamate, Cetearyl Alcohol, Pentylene Glycol, Dimethicone, Tocopheryl Acetate, Diethylamino Hydroxybenzoyl Hexyl Benzoate, Cetareth-12, Glycine Soja Oil, Zinc Oxide (nano), Tocopherol, Ascorbyl Palmitate, Sodium Lactate, Lactic Acid, Fructose, Urea, Niacinamide, Lecithin, Helianthus Annuus Seed Oil, Glycine, Inositol, Sodium PCA, Sodium Cetearyl Sulfate, Sodium Benzoate, Triethoxycaprylsilane, BHT, Xanthan Gum, Parfum.
