

Sanct Bernhard Sport Fireprotect Skinprotect-Cream

For a preventive protection of tensed, stressed body parts

The sensitive skin in this area is highly stressed through some form of sport, e.g. cycling and hiking. By rubbing in of Aktiv 3 Fireprotect Skinprotect-Cream it forms itself a protecting and caring film around the skin, so that excoriations can be stopped. The skin becomes more resistant and resilient. Natural extracts of marigold and birchbark have an anti-inflammatory and soothing effect on irritated skin.

For additional care and regeneration after sports, we recommend our Sanct Bernhard Sport Marigold regeneration cream.

Ingredients: Petrolatum, Paraffinum Liquidum, Glycine Soja Oil, Betula Alba Bark Extract, Calendula Officinalis Extract, Daucus Carota Extract, Beta-Carotene, Tocopherol.

Note: Do not use this product if you are allergic to the Asteraceae (daisy) family.

Contents 15 ml
