

Aloe Vera Shampoo

For gentle care for normal and dry hair and a sensitive scalp

Mildly cleanses and gently cares for your hair through the combination of aloe vera gel (46 %) and silk proteins. Silk proteins give your hair a natural shiny gloss and a soft, velvety feel and volume. They are excellent moisture dispensers and therefore protect the scalp effectively against drying out. Aloe vera soothes irritated, sensitive skin. Itching and inflammations of the scalp are reduced.

Aloe vera shampoo is particularly suitable for daily application on normal and dry hair.
