

Moisturizing Spray for Hair

Provides instant care and protection for dry, damaged, stressed or color-treated hair.

Herbal ingredients provide the hair with moisture and improve the mechanical properties already after one application. The hair is more elastic and are easier to comb. An additionally contained conditioner revitalizes and repairs damaged protein structures that are eg caused by spliss. It will leave your hair feeling softer and smoother, gives it a natural shine and just looks healthier and well-kept! It is non-sticky and leaves a pleasant, subtle scent of oranges.

Directions: Shake well before use. Spray on dry or slightly moist hair. Leave on and do not rinse after use.

Ingredients: Aqua, Pentylene Glycol, Sorbitan Oleate Decylglucoside Crosspolymer, Inulin, Beta Vulgaris Root Extract, Hydrolyzed Corn Starch, Lactic Acid, Sodium Chloride, p-Anisic Acid, Citrus Aurantium Dulcis Peel Oil (Limonene, Citronellol, Linalool – from natural essential oil).
