

Mediterranean Honey Set

Lavender Honey

Intensively flowery

From the nectar of intensively scented lavender flowers, busy bees conjure up this honey speciality with a delicate sweet flavouring and a light, subtle lavender note. Enjoy lavender honey as a spread and also for cooking and sweetening food and drinks.

Thyme Honey

Aromatically mild

Wild thyme grows in the dry, warm zones of the Mediterranean region. Due to its strong, spicy taste, thyme honey is a good alternative to sweet honeys.

Rosemary Honey

Aromatically mild

Rosemary honey is an exquisite, rather rare honey speciality. It owes its flowery, delicate, subtle sweet aroma to the sun-blessed rosemary bushes of the Mediterranean region.
