

Organic Mate Tea

Green / Taragin

The "Green gold of the Indians" - a South American tea delicacy from controlled organic cultivation in Brazil. Mate tea was once drunk by Argentinian Gauchos. It slowly developed into the national beverage of all South American countries. The specific production process guarantees the characteristic smoky, earthy, but pleasantly harmonious taste of our Organic Mate Tea.

Ingredients: 100 % green mate leaves from controlled organic cultivation.

To prepare:

Add 1 heaped teaspoon per cup and fill with hot but not boiling water. Leave to infuse for 3-5 minutes.

This is the only way to ensure that the tea is safe to drink!

Close properly and store in a dry place.
