

Boswellia serrata Tablets

Food supplement

Interesting facts:

The Indian frankincense tree (*Boswellia serrata*) is the oldest known agricultural crop at all. The amazingly long tradition of incense in the Indian food proves its beneficial, health-promoting effect in many areas. Used is the resin (air-dried), that exudes after cutting the bark. This is known as Indian Frankincense. Particularly appreciated are the boswellic acids contained in the resin.

Each Boswellia tablet contains 400mg Boswellia extract containing 70% boswellic acids.

Ingredients: Frankincense extract = Boswellia Serrata Extract (68%), filler Microcrystalline Cellulose, Sodium Carboxymethyl Cellulose, separating agents Magnesium Stearate, Silicon Dioxide.

	per tablet (= daily dose)	per 100 g tablets
frankincense extract = Boswellia-serrata-extract	400 mg	68 mg
of which		
Boswellia acids	280 mg	48 g
β-Boswellia acids	80 mg	14 g

No nutrient reference value for the daily intake according to VO (EU) No. 1169/2011 has yet been established.

Suggested use: Take 1 tablet unchewed with sufficient liquid after a meal.

Keep out of direct sunlight. Store below 25 °C.

Nutritional supplements should not be used as a substitute for a varied, healthy diet and do not replace a healthy lifestyle.

Keep out of the reach of young children. The recommended daily dose should not be exceeded.

Made in Germany

Contents 180 tablets = 103 g

Art. No. 87
