

Cistus-Propolis Throat Spray

Nutritional supplement with vitamin C and zinc

Useful information: Rough, raspy throat? It's not only the cold season that presents us with challenges, but also dry indoor air and straining our voices. Our specially developed spray moisturises the throat effectively and provides a pleasant feeling in the mouth thanks to its natural propolis and cistus extracts. Furthermore, vitamin C supports the immune system and contributes to normal, healthy gums through its role in collagen formation. Thanks to its pleasantly sweet yet tart taste, complemented by natural sage oil, Cistus-Propolis Throat Spray is the perfect pocket-sized companion.
