

Smart-Sleep-Quilt

All season quilt for maximum sleep comfort. The patented smartcel™ filling contains the trace element zinc, which is naturally hygienic, antifungal and antibacterial and is kind to the skin. The Smart-Sleep-Quilt is perfect for allergy sufferers and convinces with its excellent moisture and climate regulation, active mite protection and the special characteristic of reducing bacteria and odours. The soft microfibre cover is refined with carbon threads to support hygiene. Proven effect. We guarantee tested quality. The quilt is washable up to 60°C.
