

Nourishing Dry Oil

For the care of skin and hair

The light texture of this dry oil provides a silky skin feel and is absorbed quickly. Enriched with valuable argan and camellia oil, it provides the skin with long-lasting moisture without leaving an uncomfortable greasy film. The dry oil is suitable for all skin types, even for dry and mature skin. It can also be optimally used as a body lotion substitute. It is also good for hair care and reduces the electrostatic charge, which often leads to "static hair". The hair is strengthened and is given a silky soft shine. Let yourself be pampered by the subtle-warm scent of the oil.

Application: Spray the oil at a distance of approx. 10 cm onto the skin and gently rub it in. For the face, first spray the product into the palms and then gently massage in with your fingers. The oil can be applied to dry or damp hair and easily distributed in the hair tips.

Note: Cosmetic product. Caution: Risk of slipping. Wipe any possible product residues off the floor.

Ingredients: Dicaprylyl Carbonate, Caprylic/Capric Triglyceride, Decyl Oleate, Camellia Oleifera Seed Oil, Argania Spinosa Kernel Oil, Squalane, Tocopheryl Acetate, Glycine Soja Oil, Tocopherol, Parfum (Linalool, Limonene, Alpha-Isomethyl Ionone, Coumarin).
