Cardiovascular tablets for dogs

Nutritional supplement for seniors

Useful information:

Older dogs have a special need for vitamins and nutrients. Cardiovascular tablets contain important vitamins, carnitine and taurine. L-carnitine is involved in the provision of energy in the heart and skeletal muscles. Taurine has antioxidant properties and contributes to the maintenance of physiological processes in old age.

- With carnitine and taurine
- Contains hawthorn and rosemary
- With a vitamin B complex for the nervous system and fitness
