Intestinal Regulator for Horses

Dietary supplementary feed

In case of chronic digestive disorders of the large intestine

Useful information:

Chronic digestive disorders such as diarrhoea or watery stools generally result from damaged intestinal flora. tierlieb Intestinal Regulator for Horses promotes healthy intestinal flora with natural fibre and yeast and stimulates the functions of the gastrointestinal tract. Yeast also counteracts vitamin B deficiency, which can occur if the intestinal flora is disturbed. Clinoptilolite is a natural mineral with the ability to bind harmful substances. The good adsorption powers of clinoptilolite and dietary fibre bind and gently eliminate by-products of digestion. The minerals it contains stabilise the water and electrolyte balance.

- Easy digestibility due to broken down prebiotic fibres
- For chronic digestive problems such as diarrhoea and watery stools
- To regulate and restore normal digestion
- For the elimination of harmful substances

Analytical constituents: Crude protein 13.9 %, crude fat 4.2 %, crude ash 10.4 %, crude fibre 21.2 %, calcium 2.1 %, phosphorus 0.4 %, sodium 0.5 %, potassium 1.2 %, starch 6.2 %.

Composition: linseed cake, sugar beet pulp, lignocellulose (dietary fibre), minerals, wheat bran, yeast (*Saccharomyces cerevisiae*), calcium carbonate, molasses, sodium chloride, ground aniseed, ground milk thistle seeds.

Technological additives / kg: Binding agent clinoptilolite (1g568) 40 g, potassium citrate (E 332) 8 g.

Feeding recommendation:

Depending on the size of the horse, feed approx. 150-200 g of tierlieb Darm-Regulat pure or mixed with the usual main feed every day. The daily dose can be divided into 2 rations. Feed long-term or until the problem is solved. Does not replace an adequate daily supply of roughage. It is recommended to seek the advice of a veterinarian before using or extending the feeding period.

Keep dry and out of direct sunlight. Store below 25°C. Ensure dry storage after opening!
