

Azelaic Acid Gel

For a fresh, radiant-looking skin

Azelaic acid is a natural active ingredient, which is found, among others, in wheat, rye and barley. It supports reducing blemishes such as pimples and blackheads and refining the complexion. This gentle, yet effective, gel contains a powerful combination of azelaic acid, allantoin, zinc, glycerine, panthenol, and hyaluronic acid. It promotes skin regeneration and a fresh, youthful appearance. Treat yourself to a daily facial care routine that pampers and moisturises your skin, while ensuring an even, radiant complexion at the same time.

Ingredients: Aqua, Glycerin, Pentylene Glycol, Propanediol, Panthenol, Propylene Glycol, Potassium Azeloyl Diglycinate, Phragmites Karka Extract, Poria Cocos Extract, Sodium Hyaluronate, Allantoin, Zinc PCA, Xanthan Gum, Sodium Citrate, Citric Acid, Sodium Benzoate, Parfum (Citrus Aurantium Peel Oil, Limonene, Juniperus Virginiana Oil, Coumarin).
