

Mare's Milk Body Lotion

A wonderful body lotion for the care of normal, but also stressed and irritated skin. For centuries, mare's milk has been renowned as a valuable beauty product. Due to its outstanding properties, mare's milk supports the healthy function of the skin and regenerates stressed, irritated, damaged skin. Combined with honey and unsaturated fatty acids, it regulates and preserves the moisture content of the skin, supports its natural barrier function and makes it smooth and supple. Fresh, subtle fragrance.
