

Zinc-Immune Lozenges

Food supplement with zinc, vitamin C and sweeteners

Useful information: Especially in the cold half of the year, our immune system faces increased challenges due to viruses, bacteria and other factors. In order for it to function smoothly, our immune system relies on an adequate supply of vitamins and other nutrients. Zinc and vitamin C play an important role here, as they have been shown to contribute to the normal functioning of the immune system. In addition, they are involved in the protection of cells from oxidative stress, i.e. free radical damage. The daily intake of zinc and vitamin C is made particularly easy as a lozenge with refreshing peach and passion fruit flavour!

Ingredients: Sorbitol Sweetener, Vitamin C, Zinc Citrate, separating agent Magnesium Stearate, Flavouring, sweetener Steviol Glycoside from Stevia.

	per tablet	per daily dose (=3 tablets)	% of NRV recommended daily dose*
Zinc	5 mg	15 mg	150
Vitamin C	60 mg	180 mg	225

*NRV = Nutrient Reference Value for daily consumption according to Regulation (EU) No. 1169/2011

Recommended dose: Chew and swallow up to 3 capsules per day. Can have a laxative effect when used excessively.

Not recommended for children and adolescents under the age of 17.

The intake of other zinc-containing food supplements should be avoided.

Keep dry and out of direct sunlight. Store below 25°C.

Nutritional supplements should not be used as a replacement for a balanced, varied diet, and do not replace a healthy lifestyle. Keep out of reach of young children. Do not exceed the recommended daily dose.

Made in Germany

Contents 120 tablets = 64 g
