

## Manuka Propolis Lozenges

Food supplement with Flavoxale®, vitamin C and sweeteners

**Useful information:** Manuka Propolis lozenges provide your mucous membranes with the full strength from the beehive and a pleasantly intense honey propolis flavour. The Maori have known and appreciated the special properties of the Manuka plant for many centuries. Especially methylglyoxal (MGO) is the subject of many scientific studies and is found in higher concentrations only in Manuka honey. Propolis serves the bee in its hive as a putty resin to protect against moisture, draughts, but also against the penetration of fungi, germs and foreign bodies. Such protection against infection is necessary because the bees live in very confined spaces with thousands of fellow bees. Flavoxale® combines these two valuable bee products in one extract, which is supplemented by the essential oil of South Sea Myrtle. In addition, vitamin C helps to maintain normal immune system function and helps your immune system to cope better with external influences in times of increased risk of infection.

### Ingredients:

Sweeteners Xylitol, Sorbitol; Dried Extract of Propolis, Manuka Honey MGO 100+ and Manuka Oil (Flavoxale®; 10 %); Vitamin C, Natural Flavour, separating agents Magnesium Stearate, Silicon Dioxide.

	per lozenge	per daily dose (=5 lozenges)	% of NRV recommended daily dose*
Flavoxale®	50 mg	250 mg	**
Vitamin C	16 mg	80 mg	100

\*NRV = Nutrient Reference Value for daily consumption according to Regulation (EU) No. 1169/2011

\*\* no reference value available yet

**Recommended dose:** It is recommended to let up to 5 lozenges slowly melt in your mouth every day. The tablets can also be swallowed if required.

Can have a laxative effect when used excessively. Not suitable for pregnant and breastfeeding women and in case of an allergy to an ingredient.

Keep dry and out of direct sunlight. Store below 25°C.

Nutritional supplements should not be used as a replacement for a balanced, varied diet, and do not replace a healthy lifestyle. Keep out of reach of young children. Do not exceed the recommended daily dose.

Made in Germany

**Contents 150 lozenges = 73 g**

Art. No. 2853
