

## Mannose Lozenges

vegan

**Useful information:** Mannose (D-mannose) is a simple sugar that is closely related to other monosaccharides such as glucose or fructose. Small quantities of mannose are found in nature in many plants, trees and fruits, such as in peaches, apples and apricots, as well as some berries, such as cranberries. The human organism also produces some D-mannose. It acts as an integral part of the membranes and lines the entire inner wall of the urinary tract. Pleasant strawberry flavour.

**Ingredients:** D-mannose (95 %), acidifier Citric Acid, separating agent Magnesium Stearate, Silicon Dioxide; Beetroot Powder.

Each capsule contains 1000 mg D-mannose.

Average nutritional values	per 100 g
Calorific content	1701 kJ/400 kcal
Fat	1 g
- of which saturated fatty acids	1 g
Carbohydrate	95 g
- of which sugar	95 g
Protein	0 g
Salt	0 g

We recommend that you usually take 2 tablets per day.

Not recommended for children and young people under 16 years of age.  
Can have a laxative effect when used excessively!

Keep dry and out of direct sunlight. Store below 25°C.  
Keep out of the reach of children.

Made in Germany

**Contents 120 tablets = 124 g**

Art. No. 833
