Caffeine Shampoo

Promotes hair density
Activates the hair roots and prolongs the growth phase

Caffeine-enriched shampoo for fuller, stronger hair and for thin hair. Extends the growth phase of the hair cycle. A conditioning complex with zinc and D-Panthenol supports hair growth and additionally promotes hair elasticity and thickness of hair. Precious jojoba oil, betaine and wheat proteins provide moisture. It gives your hair fullness, beauty and splendor - even with daily use.
Caffeine prevents the hormone-induced exhaustion of hair production. It increases the microcirculation and thus the nutrient supply to the scalp. It activates the hair roots and the cell division, improves hair growth, extends the growth phase and protects the scalp from the harmful effects of testosterone.

Application: The high-quality ingredients allow you to wash your hair daily with Caffeine Shampoo.
Recommendation: Leave the shampoo on the scalp for two minutes – from application to rinsing.
As a complement we recommend our Caffeine Hair Growth Tonic Liquid.
