Herbal Foot Spray

With anti-fungi protection

For quick and easy foot care and to protect against fungi. Refreshes, soothes and revives tired feet, either in the morning, after playing sport, or whilst on the move. The composition of essential tea-tree, mint and sage oils creates a pleasant aroma. The clotrimazole contained in the spray is a well-known active ingredient that combats foot and nail fungi. Meanwhile, the moisturising formula, which contains panthenol, prevents dry, cracked skin, where fungi can easily settle.

Application: Simply spray on the feet as required. Especially recommended when feet are exposed to an increased risk of infection (e.g. pool, sauna, at sports facilities, hotel).
