Thrombofit Capsules

Nutritional supplement with tomato extract (WSTC II) and vitamin B1

Useful information:
So that our blood can circulate unhindered through our blood vessels even in difficult conditions such as lack of physical exercise, prolonged travel or excess weight, the blood platelets must remain smooth and may not clump together. A specially-developed patented extract from tomatoes (WSTC II) contained in Thrombofit Capsules can assist. As confirmed by independent researchers from the European Food Safety Authority (EFSA), WSTC II verifiably promotes normal blood platelet aggregation and contributes towards a healthy blood flow without influencing normal blood coagulation, for example in case of injuries. In order to achieve this positive effect, 150 mg WSTC II (= 1 Thrombofit Capsule per day) should be taken with a glass of liquid. In addition, Thrombofit Capsules, which contain 3.3 mg Vitamin B1, support a healthy, normal heart function.

Ingredients: Tomato Extract (40 %), bulking agent Microcrystalline Cellulose, Hydroxypropyl Methyl Cellulose, Maltodextrin, Magnesium Stearate (separating agent), Vitamin B1 Mononitrate.

Each capsule contains 150 mg water-soluble tomato extract (WSTC II) and 3.3 mg Vitamin B1.

	per capsule (=daily dose)	% of NRV recommended daily dose*
Tomato extract (WSTC II)	150 mg	**
Vitamin B1	3.3 mg	300

* NRV = Nutrient Reference Value for daily consumption according to Regulation (EU) No. 1169/2011
** no reference value available yet

Recommended dose: swallow 1 capsule per day with sufficient liquid.

People who are taking blood-thinning medication (anticoagulants) should consult their doctor before consumption.

Keep dry and out of direct sunlight. Store below 25°C.
Nutritional supplements should not be used as a replacement for a balanced, varied diet, and do not replace a healthy lifestyle. Keep out of reach of young children. Do not exceed the recommended daily dose.

Made in Germany

Contents 60 capsules = 21 g
